Parent Suggestions

Congratulations on surviving the first nine weeks! We are looking forward to an exciting rest of the year.

We want to continue to stress the importance of practicing math facts, reading and discussing books, and reminders about the importance of responsibility! Please be sure to check student planners nightly for homework assignments and teacher notes.

All students have been working on creating stories in the classroom. Ask them to share with you what they are writing about in class. Please make sure your child's name is written inside their coats and jackets.

Take some time this month to discuss what it means to be thankful.
